# A vote for the Green Party will count

Since 2010, only Conservative, Labour and the GREEN PARTY have contested Belper North more than once. Only the GREEN PARTY'S vote has gone up over that period.

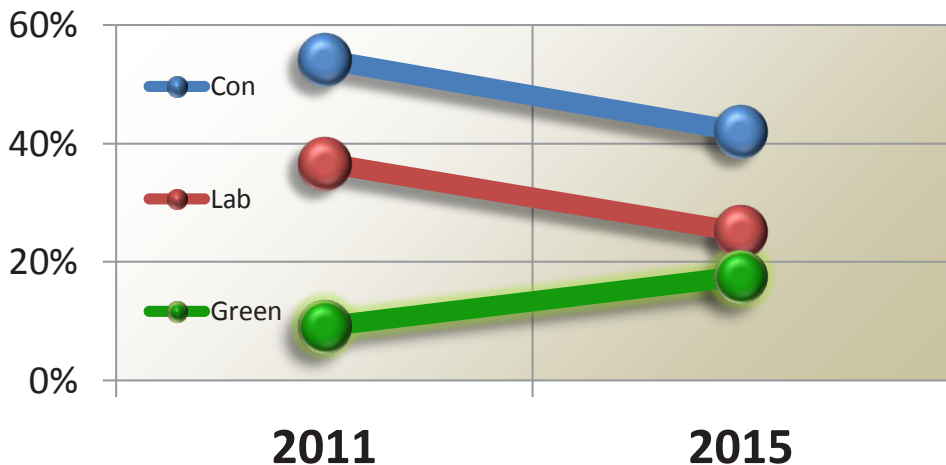

In 2012, the Conservatives won with 647 votes, and in 2015 Sue got 515 votes – so a few more could see her elected as a fresh voice for you on the council.
